Plans Launched for New Hotel.

If the plans now on foot materialize Paris will soon have a modern hotel, equipped after the fashion of those of the larger cities, an ornament to the business section of the city and will fill a long felt want.

Promoters at the head of the project are pushing matters with all haste and it is hoped to have the tentative plans completed in the next thirty days and before the expiration of an option on two pieces of Main street property, which it is said will be used as a site for the new building.

At the head of the movement are Messrs. Leer Stout and Logan Howard, two prominent business men of this city, and the proposition, which was launched Wednesday, is said to meet with the hearty endorsement of the most substantial business men of the town, who have pledged their support and will subscribe stock to the enterprise.

Messrs. Stout and Howard Tuesday secured an option on the property of Mr. John Sauer, at the corner of Main and Seventh streets, which he recently purchased with the intention of erecting a building; the lower floors to be used for business concerns and the upper portion of the building to be divided into flats. They have also an option on the adjoining property of Mrs. Thomas Roche, which, together with that belonging to Mr. Sauer, gives a frontage on Main street of about 67 feet and extends back a distance of 109 feet.

The option price on the property is said to have been paid in cash by those who have taken the matter in hand and they have thirty days to exercise their privilege of purchase.

It is the plans of the promoters to organize a company capitalized at \$100,000 to purchase the site and erect the hotel building, the latter to represent an outlay of about \$75,000. If the plans materialize a building four or five stories high containing from seventy-five to one hundred rooms, equipped with every modern convenience. The lower floor space on Main street will be divided between the hotel office and a store room. The latter, it is said, will be occupied by Mr. Howard, with a grocery and meat market and will be run in connection with the business of the hotel company. Mr. Stout, who will be one of the large stockholders in the concern, and who has so successfully conducted a restaurant business for a number of years will have charge of the hotel.

An active canvass is being made by the promoters in their endeavors to interest the business men of the city and county in the project and from all accounts they are meeting with a success far beyond their expectations.

If those who have been approached on the subject have signified their willingness to subscribe stock to the enterprise and on the first day the movement was announced a total of about \$15,000 was secured.

High Prices for Hemp.

A dispatch from Danville says: "Hudson and Davis have purchased eight hundred thousand pounds of hemp of Boyle county farmers at \$6.50 per hundred, and four hundred thousand pounds in Bourbon county at the same price. The hemp acreage has become very small, having been almost entirely supplanted by the tobacco crop and prices are high."

Sheep Claims Allowed by Fiscal Court.

At the regular monthly meeting of the Bourbon Fiscal Court yesterday claims for sheep killed by dogs during the year of 1912, amounting in the aggregate to the sum of \$3,740.50 were allowed and referred to the Auditor of Public Accounts at Frankfort for payment. The amount greatly exceeds that of any previous year, and the sum will be paid from the dog tax fund. County Clerk Patton will refer the order of the court to the State Auditor immediately and due notice will be given the claimants when the money is turned over to him for distribution.

Judge Denis Dundon presided at the meeting yesterday with Magistrates L. J. Fretwell, E. P. Thomason, R. H. Burris, J. J. Redmon, O. B. Lloyd, B. F. Stipp, J. N. Shropshire and G. K. Redmon present. Little business of any importance was before the body.

The report of Road Supervisor C. F. Redmon was read and orders made of record. The sum of \$3,500 was appropriated for his use in repairing the turnpikes of the county for the month of February. An order was entered for the purchase of a large quantity of corrugated culvert from the Kentucky Culvert Manufacturing Company, the amount to be invested being \$1,800.

Dr. H. C. Pope was elected county physician to fill the position made vacant by the resignation of Dr. G. L. Rankin who removed from Shawhan to this city. The appointment of J. J. Redmon and L. J. Fretwell as a committee to investigate the cost of a heavy road grader was made by Judge Dundon.

County Treasurer Silas Bedford was ordered to borrow the sum of \$5,000 from the Garth Fund, payable December 1, 1913, and bearing 6 per cent interest. An order was entered instructing Judge Dundon, County Attorney Batterton and Squire Fretwell to invest the money on hand belonging to the Hamilton and Garth Funds.

Jailer Joe Farris made his report for the past three months which showed an overdraft of sixteen cents. After ordering the purchase of a book typewriter for use in the office of the clerk and allowing claims to the amount of \$1,211.05, court adjourned.

New Life in Oil Industry

The recent advances in the price of crude oil have brought that product to the highest figure that has been reached for six years. Naturally this will stimulate operations in the oil fields of the country, says [the Louisville Courier-Journal].

There already has been a marked revival in drilling and prospecting in the oil districts of Kentucky. The operators are busy not only in the producing sections, but they have entered new territory and have returned to some of the fields that practically were abandoned several years ago. It is certain that the continued rise in the market value of crude petroleum will bring new capital into the State and will greatly enlarge the industry.

The prediction is made that the year 1913 will set a record mark in the production of oil. Should the prophecy prove true Kentucky is in good position to benefit by it and to expand her oil business to the proportions attained years ago when a number of the counties enjoyed a veritable oil boom. The demand for the product is heavy and is increasing every day. There must be new wells to meet this demand. In most of the oil regions in the State conditions are not favorable for work at this season of the year, owing to the lack of good roads, but the coming of spring should show great activity both in Eastern and Western Kentucky.

There is an opportunity for extensive development of the oil industry and Kentucky should profit by it. From all indications the field has been barely scratched and there is an enormous acreage which seems promising of important outcome in production.

The awakened interest throughout the country is a pleasing omen that this vast territory will not be much longer neglected.

Ferguson Estate Appraised.

According to the inventory and appraisal report, the late Mrs. Maggie C. Ferguson, of Lexington, owned personal property valued at \$54,348.70. The property consisted mainly of cash on deposit in the bank and shares of bank stock.

A list of jewelry and furniture specifically devised to persons by the testatrix is not appraised.

Following is the appraisement report:

Cash in the Fayette National Bank, \$1,348.80.

Forty shares First National Bank stock, \$5,800.

Fifty shares Lexington City National Bank, \$9,780.

One hundred shares Security Trust Company, \$24,500.

Five shares Second National Bank, \$725.

Forty-five shares Fayette National Bank, \$11,025.

Cash in deposit box, \$1,200.

The list of jewelry as devised by the testatrix consisted of articles as follows: One diamond clover leaf brooch, one diamond cross, locket set with diamonds, cluster diamond ring, two stone diamond rings, solitaire diamond ring, three gold rings, one onyx locket chain, two pairs of gold cuff buttons, one cameo stick pin, one set of shirt studs, one pearl brooch, one set bedroom furniture and cash in tin box \$5.43.

A list of mining and other stocks are mentioned as having no value.

The appraisers were W. F. Warren, George S. Weeks and J. W. Porter.

Would it Become a Popular Enterprise?

It is scientifically possible to create human life by chemical and physical means, and a baby factory is not an impossibility, according to Dr. Martin Kellogg Schermerhorn of the department of philosophy at Harvard.

"Life is not confined to the animal and plant world," he said. "The whole universe is alive and all that lives is conscious. Plants are conscious and Ruskin and Goethe agree that they are capable of exercising strategy and forethought."

"Hence it is obvious that the evolution from so called matter to human life is possible. The chemist of the future will labor so that men will be made in baby factories."

Fox's New Book Ready in March

John Fox, Jr.'s new novel, "The Heart of the Hills," now running in Scribner's Magazine, will be published by the Scribners in book form early in March.

Like "The Little Shepherd of Kingdom Come" and "The Trail of the Lonesome Pine," it is the first of all a tale of Kentucky mountaineers. But here they are, by force of circumstance, thrown into contact with the people of the lowlands in a way that results in striking effects and moving situations. Jason Hawn and Mavis are true children of mountain and pine forest; Marjorie and Gray Pendleton of plantation and Blue Grass meadow. They meet in childhood and through the turbulence of a time that sets their peoples against each other and mingles them together their careers are so interwoven as to bring out in the telling all the writer's extraordinary talent.

GROWING BOYS AND GIRLS

are under double strain—strength to live and learn and strength to grow—they must have nourishment—not overloaded stomachs, but concentrated nutriment to aid nature during the growing period.

The wonderful record of **Scott's Emulsion** as a body-builder has been proved for three generations. It strengthens the bones, muscles and sinews; **builds the body, creates energy and vigor**; prevents and relieves colds and fortifies the lungs.

Millions of delicate and undeveloped children have been made strong, sturdy and hearty with **Scott's Emulsion**.

NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Public Approval and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes Mr. EZRA WILLIAMS, of Belleville, Kans. "I commenced to doctor with all the doctors at home as well as with other specialists on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets'." "The Discovery and 'Pleasant Pellets' have put me on my feet again," seemed to be just what I needed. I could not have recovered without them."

UNCLE SI, DIPLOMATIST

GOOD MAN'S METHOD OF DEAL-
ING WITH HARD SITUATION.

Unusual Doings in Meeting House Yard
Turned to Financial Account by
Elder Who Was Not Super-
stitious.

"Wall," said Uncle Si, as he took
his accustomed place on the pickle
barrel, "we had a high-falutin, lawn
party up tew the meetin' house at
Lapham's Corners last night. There
was sure a heap of folk thar, and the
way they carried on seemed to me
wasn't exactly in place in the meetin'
house yard," said Uncle Si, looking
pious and thoughtful.

"Tell us about it," said Hiram, help-
ing himself to another cracker from
the open barrel near by.

"Wall, it was jest this a-way. In
the fust place a party of city folks
come down from up the hill—we could
see at once that they was goin' to
run things to suit themselves. If they
hadn't a-bought a lot of peanuts, ice
cream and lemonade, we'd have broke
up the jamboree right thar and let 'em
go home. The fust thing they done
was to start a Virginia reelin', which
I reckon is an imitation of how a per-
son acts when he has got full of Vir-
ginia corn juice. Us country folks, we
gathered around in the corners of the
lawn and says nothin'—at least, not so
as the city folks could hear. We
thought they'd gone far enough with
the Virginy tramping, but we found we
was plum mistaken.

"Some female says, says she, 'Let's
chase the turkey around this lawn.'
Wall, there wasn't any turkey, but
there was some of the worst doin's
that was ever seen in Lapham's Cor-
ners. I bein' the elder, the members
of the meetin' house riz up unanimous
and told me I'd got to stop them fire-
works. After knocking a nearby table,
in order to bring silence, I spoke some-
thing like this: 'Brethern and sistern,
this yer is in the meetin' house yard.
Such goin's on as has happened here
tonight has disgraced us all, and to
make our consciences easy I shall
take all the money we've rize here
tonight and raise the insurance on the
meetin' house. I ain't superstitious,
but I don't believe no building could
stand to see what's went on here to-
night without either burnin' up or get-
tin' struck by lightnin' or havin' coffee
spilt on the vestry carpet. I hope you
will now all go home and come again
to the next lawn party we have and be
enthusiastic as ye was at this one.'

"Wall," said Si, "the crowd they
went home, and I guess they was
ashamed of themselves."

"Wall," said Lem Beacher, who oc-
cupied the only chair in the grocery
store, "I never did believe in them ex-
citin' ways to make money for the
meetin' house. It's much better to
take up collections now and then, get
along with the old meetin' house."

To that all the bysitters answered:
"You're right, Lem!" and Uncle Si
bought his groceries, consisting of a
package of tobacco, and went home to
do the chores.—Judge.

Protection for Armenians.

In a news letter from Jerusalem,
printed in The Living Church (Mil-
waukee), information is given of addi-
tional massacres of Armenians in Kur-
distan last summer which have hardly
been reported in this country. In this
connection The Living Church says
editorially: "One feels that in the
final settlement of questions between
the Turk and Christendom, this matter
of protection to Armenians ought to be
included. True, the Balkan states
themselves can hardly claim to extend
their protectorate over these perse-
cuted Asiatic Christians. They have
no common bonds of race or even of
communion with Armenians as they
have between themselves and Mace-
donians and Albanians. Here is one
belated thing that the powers can yet
do, before the Turk receives his clean
bill of health. They are bound by
their treaties to guarantee safety to
Armenians, and these afflicted people
have no cousins who can arise and do
for them what the Balkan states have
done for Christians in European
Turkey."

Writing for Posterity.

A story about George Bernard Shaw
comes from London.

A prominent French critic, the story
runs, once said to the playwright:

"You are putting on a new comedy
Monday night. Let me attend one of
the dress rehearsals, won't you?"

"Impossible," said Mr. Shaw. "My
dress rehearsals are always private.
I have to refuse even the most distin-
guished critics access to them."

"But," said the other, "I want to
write a careful criticism. If I have to
write it and telegraph it in a few min-
utes on Monday night, it will be very
hurriedly done, and I fear that it will
give a wrong impression of your
comedy in Paris the next day."

"Have no anxiety on that score,"
Mr. Shaw replied. "My comedies are
not written for the next day."

Used Legs in Praying.

An interested spectator at the Con-
federate unveiling and a most interest-
ing character was Mack Stevens of
Madisonville, says the Princeton Lead-
er.

It was he who during war times was
condemned to be shot; the grave had
been dug on Hogan's hill and the sol-
diers lined up. Stevens asked for per-
mission to pray, and it was granted
him. Leaning on a fence he suddenly
vaulted it and made good his escape,
although 15 or 20 shots were fired at
him.

FARM LOANS

This company accepts first mortgage loans on farms, when duly approved as security for money loaned.

We are, therefore, always glad to hear from those who own real property, and who require funds for building or other purposes, or who are contemplating the purchase of new farms; and we are, as a rule, prepared to advance such funds, if the property is of recognized value and the desired loan relatively reasonable.

It is always requisite that there shall be a wide margin between the market value of the property and the amount of the loan for which the property is offered as security.

We aim to be as liberal as possible in all cases, however; and those who seek loans of this character will do well to consult with us. Write to the following address giving full particulars.

Birth Rate Exceeds Death Rate In Paris.

The birth rate of the year of 1912 exceeded the death rate in the city of Paris, according to figures that are compiled from the books of the precinct registrar, Miss Margaret Terry. The report of the registrar for the year just passed shows there has been a decided increase in the birth rate over deaths among white people, while among the colored population the deaths exceed that of the births.

According to the report of Miss Terry there were in this city last year 101 births among the white population as against 52 deaths, while among the colored people there were a total of eighty-five deaths and thirty-eight births.

During the year of 1912, one hundred and thirty-seven deaths occurred in this city and a total of one hundred and thirty-nine births were recorded. The number of deaths among the negroes more than doubles that of the births, while there were almost twice as many births among the white people.

Of the total number of deaths about six per cent were the result of tuberculosis. Twenty-two deaths having occurred from this dread disease, sixteen of which were colored people. Two deaths were caused from pellagra, both of which were colored women. The deaths registered in the office of the registrar are as follows:

MRS. FRANK BRYAN.

A Suggestion to Bourbon Voters.

Paris, Ky., Feb. 4, 1913.

Before an announcement has been made for the offices of County and City Judge let us, the citizens of the county and city, warn all prospective candidates that unless they are willing to serve us in the following ways they need not announce with the expectation of receiving our support.

This county has a "great grievance" occasioned by horse traders, gypsies and other campers appropriating our highways to their own use and convenience, trespassing upon farms, depredating upon our crops, conveying disease to our horses and other stock, rendering it unsafe for our wives and daughters and in many cases to ourselves to attempt to drive a horse by their camps. It constitutes a nuisance and can be so treated under the statutes. We have a right to demand this relief. Before we make our choice let us demand an expression from him on this subject in the county press.

As to the police judge let him do his duty not only to the farmers of the county, but to the city of Paris and to the very men themselves, by letting every loiterer during the busy season in the country choose between the rock pile and a job in the country where good wages and tempting board is offered him.

Our neighboring counties and cities are enjoying this consideration at the hands of their public servants, so why should we be asked to accept less.

When we cast our vote let us cast it where it will mean most to ourselves, to our county and to our good citizenship in general. Let us demand a pledge for a pledge.

Studebaker Cars.

The following letter was received recently by the Bourbon Garage:

Detroit, Mich., Dec. 31, 1912.
Gentlemen—On January 4, in the Saturday Evening Post and on January 11, in "Collier's," Studebaker advertisements of which we enclose proofs, will be brought to the attention of some 13,000,000 people.

No one appreciates more than the writer the embarrassment which the entire sales organization suffers because our shipments of new cars have not been able to meet the demand. Rest assured the factory is doing everything in its power to catch up with orders, and if you will be patient a little longer, not only will you get the cars but you will have such a demand that you will be assured of handsome profits on your year's business.

Our advertising is to be continued to maintain this demand and assist your business. We believe you will find these advertisements of striking interest and of great importance to your business.

Yours Very truly,
STUDEBAKER CORPORATION.

Swift Champ After Postoffice.

A dispatch from this city published in the Lexington Leader of yesterday says:

"Swift Champ, editor of the Bourbon News, a staunch Democratic newspaper of this city, has thrown his hat into the ring, and seeks the office of postmaster of this city under the administration of President-elect Woodrow Wilson. The announcement of Mr. Champ's intentions to become a candidate for the postmastership, it is said, follows a number of urgent requests that have been made by a number of his staunch friends, among whom are several Democratic leaders.

"It is said Mr. Champ has the backing of a number of influential politicians of Paris and Bourbon county, who will go the full length for him in his candidacy, and this, coupled with his record as a loyal Democrat, it is calculated, will carry considerable weight in the effort to secure for him the appointment.

"Mr. Champ has, through the medium of his newspaper, been in the front rank in the fight for the Democratic party, and at present is in the thick of the fray to further the cause of Hon. J. C. W. Beckham for the United States Senatorship, and was one of the first Democratic newspapers in the State to accord the former Governor his support.

"During the last race for the chairmanship of the State Democratic Committee he supported the Hon. Rufus H. Vansant, and it was partly through his efforts that the county instructions were secured for him.

"Aside from this Mr. Champ will have the support of a number of politicians in adjoining counties who will exercise their best efforts in his behalf. At the present time there are four other candidates for the office, and while it is expected there will be a very lively contest, it is the opinion of his friends that his chances outnumber those of his opponents."

Light Tobacco Sales.

A total of one hundred thousand pound were offered at the warehouse of the Bourbon tobacco Warehouse Co. The sale was the lightest of the season. The demand for red leaf was very slow, while the demand for other grades was steady throughout the day. Another sale will be held Saturday.

Aching Kidneys Cured In Paris

"Every Picture
Tells a Story."

Are Your Kidneys Weak

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells and are nervous, despondent and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment, if passages are too frequent, scanty, painful or scalding, it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick-dust like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

If Your Back Aches and Your Kidneys are Weak, Get the Kidney Remedy That Has Been Proved GOOD Again and Again Right Here in Paris.

Paris People Tell It:

High Street

Mrs. Laura L. Lair, 1033 High street, Paris, Ky., says: "When I used Doan's Kidney Pills years ago they completely cured me of my kidney trouble and I gladly confirm the testimonial I gave at that time. I had rheumatism and my kidneys were irregular in action. I suffered from backaches and headaches and at times was dizzy and nervous. A neighbor advised me to try Doan's Kidney Pills and I did. They made me strong and well and I have had no return of kidney trouble."

Pleasant Street

Mrs. J. T. Martin, Pleasant and Eleventh streets, Paris, Ky., says: "All I have ever said pertaining Doan's Kidney Pills was entirely correct and I confirm former public endorsement of this remedy. They permanently cured me of kidney trouble. I suffered quite severely from pains across the small of my back and in my kidneys. The trouble alarmed me and I tried many medicines. I did not get relief, however, until I procured Doan's Kidney Pills at Wilson's Drug Store. They improved my condition in every way and I can certainly say that they are a preparation of merit."

W. Seventh Street

M. Holleran, 200 W. Seventh St., Paris, Ky., says: "Doan's Kidney Pills are mighty good and I am glad to praise them to anyone. I had a lot of trouble from my back and kidneys. The action of my kidneys caused me much suffering and sometimes the secretions were painful. I had backaches, too. I used many medicines, but was not benefitted until I took Doan's Kidney Pills. They soon made me stronger and better."

Grateful Endorsement

George McCandles, butcher, Paris, Ky., says: "Some time ago I had occasion to use a kidney remedy and at that time they gave me complete relief, which has proven permanent. I got them for backaches and disordered kidneys. The way they stopped my trouble has proved their merit."

Mrs. Hodge, 831 West street, Paris, Ky., says: "Doan's Kidney Pills were very beneficial in my case, and I can recommend them. I had dizzy and nervous spells and my back and head ached, showing that my kidneys were weak. When I saw Doan's Kidney Pills advertised, I obtained some and they gave me entire relief."

Main Street

Mrs. Ida Huffman, 115 Main St., Paris, Ky., says: "We think Doan's Kidney Pills are just fine, as we have used them with splendid results. We willingly confirm the endorsement we gave some years ago recommending them. I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised, I got a supply at Wilson's Drug Store and gave them a trial. I was very much pleased with the results of their use."

Eighth Street

Mrs. C. M. Taylor, Eighth and West Sts., Paris, Ky., says: "Doan's Kidney Pills have done us a great deal of good, and we recommend them strongly. One of my children suffered for a long time from kidney disease and had but little control over the kidney secretions. We tried everything, but without success until Doan's Kidney Pills were given a trial. They did immediate good, and before long they effected a permanent cure."

Nervous Troubles Drive Away Happiness

Tona Vita Will Quickly Drive Away the Nervous Troubles

People who are all run down in health, who are worn out nervous and half sick, are apt to be thoroughly discouraged. They are half hearted, listless and depressed and feel that this is a terrible world with many pains in it and few pleasures.

This state of mind is recognized by physicians as a common symptom of nervous debility.

If you are one of the many Americans who are suffering with nervous breakdown or nerve exhaustion, you can get back your old health and spirits in a few weeks' time. Go to your druggist and obtain a bottle of Tona Vita. This remarkable tonic is helping thousands back to health and it will not fail in your case. In fact, it never fails. You will be astonished how quickly it will build you up both in mind and body.

Tona Vita is sold by Chas. E. Butler & Co.

Just the Trouble.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

What is Beer?

"What is beer?" is the question put directly to the Supreme Court of the District of Columbia by the Government in fixing a label against the product of a Washington brewer. It was declared Tuesday that a Government victory in the case would affect brewers the country over and would bring about the confiscation of products with a value running into the millions. The suit, which was instituted at the request of the Pure Food and Drug Board of the Department of Agriculture, alleged that the product was misbranded, in that it was labeled "malt and hop brew," with representations of medals of award for its "purity and excellence." The Government charges that the beverage is not an exclusive hop and malt brew, but is a product in which sugar or a cereal has been substituted wholly and in part for the malt.

English Women on Golf Links.

A very noticeable thing about Englishwomen golfers of today is the great change in their appearance on the links. It used to be considered necessary and thoroughly sporting to look as unconventional as possible when playing the game. Shapeless tweed costumes, hopeless hats and great clumsy boots were the proper wear, but now this is quite changed. At Turnbury women and girls wore dainty skirts and blouses and silk sweaters of pale shades, with coquettish caps and hats, or no head coverings at all, and the effect was distinctly pleasing. Two played their final match, the one in white with nothing on her hair, the other in a French gray sailor blouse and neatly cut skirt with a little cap out of the same material.

When Irving First Met Bernhardt.

It is related by an American man who was Sarah Bernhardt's escort to the London Lyceum theater the first time the Frenchwoman saw Irving, that the English actor sent an invitation to the actress begging her to take supper with him after the performance, in the famous Beefsteak rooms of the Lyceum. It was the first meeting of the two great players. Sarah spoke no English, Irving no French. Nevertheless they discussed art and showered each other with compliments until nearly four o'clock in the morning. Sarah's American escort, a ready linguist, acting as interpreter. This is a fair example of how Irving spent his nights—and he paid the price.

No Need to Stop Work.

When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and failing in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at Oberdorfer's.

Blackburn May Enter.

The rumor is again being revived that former United States Senator J. C. S. Blackburn, the "Sage of Woodford," is considering becoming a candidate for the party nomination for Senator at the next August primary. Although out of active politics for several years, Senator Blackburn still numbers devoted followers all over the State. Judge Thomas H. Paynter was chosen as his successor in the Federal Senate.

Auto Suggestion.

Do not forget to carry a pencil and a pad of paper so that you may take down the number of the motor car that runs over you.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

Boost Phone Rates in Lexington.

The charges for telephones were raised about 25 per cent in the city of Lexington and a higher per cent in Fayette county by the Home Telephone Company, which recently absorbed the Cumberland Telephone Company in Fayette and Woodford counties. The new rates go into effect April 1. This action was taken at the annual meeting of the stockholders of the Home company. Directors and officers were also elected. In advocating the increase in rates Desha Breckinridge, a director, stated that \$175,000 had been paid for the Cumberland's business and that an additional \$50,000 had been expended in equipping the new exchange to accommodate the increased business.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eight children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all dealers.

BIG CASH PRIZES

FOR MAKING SOAP

This is a great opportunity for every housewife to test her skill as a soap maker and at the same time win a valuable cash prize. Every woman can enter this contest—it doesn't cost one cent to try—the conditions are as simple as A B C.

We want to prove to every housewife who reads this paper, that with the aid of **Banner Lye** she can make all the soap she needs for her family use—make better soap than she can buy anywhere—make it cheaper, with very little labor and in a very short time.

To the women who send in the best samples of homemade soap in which Banner Lye has been used we will award the following cash prizes this month:

1st Prize \$15.00 2nd Prize \$10.00
3rd Prize \$ 5.00 50 Prizes of \$ 1.00 each

So that every woman who enters this contest has fifty-three chances to win a cash prize, ranging from \$1.00 to \$15.00.

Full directions for making soap are printed on every wrapper of Banner Lye—every contestant has an equal chance of winning a prize. After you have made your soap, cut off a small piece, wrap it in the Banner Lye wrapper, then in a piece of plain paper, on which write your full name and address and mail to The Penn Chemical Works, Philadelphia, Pa. All packages must be received by us not later than the last day of each contest.

Every contestant will be refunded 10c—the price of a can of Banner Lye—whether they win a prize or not.

Enter this great soap-making contest now—it won't cost you anything—you get a can of lye free—you stand to win a cash prize.

BANNER LYE

Is the greatest soap maker on the market. It unites perfectly with fats and oils, making a soap that lathers freely, eats up dirt and grease and destroys germs. Banner Lye soap makes hard water soft, saves labor and backaches.

If you are not quite ready to boil your fat just now, remember there will be two contests, the first one ending March 31st, the other ending May 31st. Same amount of prize money will be given away (\$80.00) each contest. If you don't win in first contest, try the second contest.

Enter the contest soon as possible—if your dealer cannot supply you with Banner Lye, write us.

—The Climax reports Richmond court as follows: "Notwithstanding the bad weather of yesterday a good crowd attended court and trade was brisk. There were some 1,600 cattle at the Madison Stock Pens and all sold. Prices ranged from 53 to 73 cents, the former for good butcher cows and the latter for yearling steers weighing from 500 to 900 pounds. There was a splendid demand for cattle. A lot of hogs sold at 73 cents.

—Nine hundred and seven weanlings are reported as having had the second payment made on them for Kentucky Futurity for foals of 1912. This eclipses all previous records in point of numbers. The Walnut Hall farm head the list with 82 youngsters. The Patchen Wilkes farm is second with 73. The Empire City farm is third with 33, while 37 other stables have entered from 5 to 29 of their weanlings.

Peter the Great leads the list of stallions, he having 99 of his get in the list of weanlings named in the second payment. The foals are owned in 35 different states and Canada. Kentucky heads the list with 396; New York is second with 121; Massachusetts third with 79; Pennsylvania fourth with 55, and Ohio fifth with 50.

Another Plant Absorbed

The Middle West Utilities Company, a Chicago corporation, controlled by the Insull interests, purchased of L. B. Herrington, Harvey Chenault and J. Hale Dean all the stocks and bonds of the Richmond Electric & Power Company, of Richmond, and have taken possession of the property. The price paid and future plans of the new owners are not made public.

The purchasers are the same people who recently took over the Somerset, Lawrenceburg, Versailles, Shelbyville, Winchester and Mt. Sterling plants. It is probable that the property will ultimately be operated and controlled by the Kentucky Utilities Company, a Kentucky corporation, of which Harry Reid, of Versailles, is the vice president and general manager. The main offices are to be located in Lexington.

Extremes.

She—What an awfully tall man Lord Lofty is! He—They say he's painfully short.

Ornamental Telephones.

The palm must be awarded to France for novelties in telephones. In one of the loud-speaking telephone outfits manufactured in Paris and designed to be used for communication within the house, the instruments are hidden in flower vases, which may be placed on the dining room table, on a table or mantel in the living room, or in the bedrooms. The receiver and microphone are mounted in the base of the vase, a small plug and a flexible cord serving for the connection with the battery. A push button rings a bell in the kitchen or servants' rooms, and the woman of the house can transmit her orders without having to call the servants to her. There are several variations of the idea, such, for instance, as an ornamental dish holder, or an odd-looking ornamental figure.

Triangular Smile.

No lady is suitably equipped now for any big function unless she has contorted her face into what is known as the "triangular smile." This "expression" is supposed to represent simplicity and innocence! It is formed by lifting the center part of the top lip to form an apex of the triangle, the lower lip then representing the base. The upper teeth are thereby revealed, and some women are wearing tiny rosebud diamonds in their teeth. Others are wearing under the nostrils a band fastened to the top of the head, thus drawing up the nose and top lip. Woman's model for next month is to be Mephistopheles! Her hair will be adorned with the long, curved feather of the cap of Mephisto, measuring anything up to two feet in length. —New York American.

Kentucky Gets Many Buildings.

A dispatch from Washington Tuesday was as follows: "When the Public Buildings Revision Committee finally disposed today of the items reported by the Subcommittee on Kentucky Projects, Representative Cantrill had succeeded not only in saving the subcommittee's items but had added site authorizations for Prestonsburg, Hodgenville and Central City. The total amount of Kentucky authorizations carried in the bill is \$433,000.

"The action of the Revision Committee is final and means that in all likelihood all the items enumerated below will be in the draft that goes to the President. In the Senate, a \$55,000 appropriation for Lancaster will be added by Senator Bradley.

"Mr. Cantrill's ability to get public buildings for Kentucky has exceeded the wildest dreams of his colleagues. He is a member of the committee and was chairman of the subcommittee that dealt with Kentucky projects. His subcommittee today reported a total of \$425,500, which total, instead of being decreased by the revision committee, was skillfully augmented by \$7,500 by Mr. Cantrill. The Revision Committee cut the authorization for a site and building at Glasgow from \$65,000 to \$60,000, and scaled down the site appropriations for Pikeville and Paintsville from \$7,500 each to \$5,000 each. But it argued to add what Mr. Cantrill asked as a consolation prize—\$7,500 for a site at Central City; \$5,000 for a site at Prestonsburg, and \$5,000 for a site at Hodgenville."

No Money to Pay Veterans' Pensions.

Persons entitled to Confederate pensions will be disappointed, as it was decided Wednesday that there was no money in the State Treasury to pay the pensions. Wednesday had been set as the date for the first payment of pensions, but after a conference between Treasurer Khea, Governor McCreary and W. J. Stone, Pension Agent, it was decided that there was not a dollar in the State Treasury which could be used for that purpose.

Gas Men Seem to be Holding Off

Latest developments in the efforts of the Central Kentucky Natural Gas Co., to secure a franchise to enter this city leaves the impression that they are evading the issue created at a meeting of the council last month, when the franchise was rejected because of the maximum rate not being the same as that in effect in other cities.

Since the last meeting of the council there has been an effort made to get a conference with Col. Tom Stewart, of Winchester, who presented the franchise, in regard to this and with a view of having this portion of the franchise changed. He had arranged to meet City Attorney C. A. McMillan and Mayor J. T. Hinton and other city officials last Saturday but failed to put in his appearance.

From the fact that Col. Stewart was not in the city and that there has been no disposition on his part or any other of the officials of the company to confer with the city officials, it is the belief that the company entertains the hope that the council will grant the franchise as it now stands.

At the recent meeting of the council the members were unanimous in their opinion that the maximum rate for gas should be the same as that in Mt. Sterling, Lexington and Winchester and for this reason they refused to grant the franchise. It was the hope the natural gas company would accede to the demands and grant this concession.

The matter will probably come up at the next meeting of the council but there is no chance for the franchise to be granted unless the change in the maximum rate from fifty to forty cents per thousand feet is made.

MATRIMONIAL.**ANNOUNCEMENT.**

—Announcement is made of the engagement of Miss Mary Louise Martin, of Burnside, and John W. Bell, formerly of this city, but at present an employee of the Kentucky Lumber Company at Burnside. Miss Martin is the daughter of Mr. and Mrs. Martin, of Burnside, and Mr. Bell is the son of Mr. and Mrs. James R. Bell, of Bourbon county. The date of the wedding was not announced.

—A marriage license was issued yesterday to Mr. Claude Berry and Miss Mary Edna Mason.

Contracts Mailed to Reserve Players

Paris will have a team in the running of the Blue Grass League this season, or at least the indications point in that direction at the present time. Contracts have been mailed to all of the reserved players and they are expected to be coming in at an early date.

Ollie Chapman, one of the best men on the team last season, is an aspirant for the position as manager of the team and has written President Bacon to that effect. He is a free agent, and from the fact that he probably would not sign up under any other conditions he is being prominently considered.

Secretary William Shire at the meeting of the Blue Grass League magnates in Lexington recently set the rumor at rest that Paris would not have a club in the league when he gave out the statement that the club would start the season and with the proper interest shown the coming season should be a most profitable one.

President Bacon Tuesday mailed contracts to Pitchers Blankenship and Moore, Infielders Locke and Kuhlman and Outfielders Goodman and Goul. A number of other men have written Mr. Bacon asking that they be given a tryout and have been sent contracts.

The club at present is heavily in debt and a sufficient fund for running expenses before the season opens must be raised. In all probability a campaign with this in view will be started at a later date and it is the expressed hope that loyal fans will contribute liberally. Paris should not be without a team this year and there is no reason why a good one could not be secured to represent the town in the Blue Grass.

NOTES.

Walter Mayer, the former star of the Bourbons, who has been with the White Sox, has been sent to the Birmingham club in the Southern League.

Tilford Jones, manager of the Pioneers last season, is a candidate for the Republican nomination for Sheriff of Laurel county.

George Kircher, a former Blue Grass, who has been playing with Norfolk, is numbered among the hold-outs.

Charles Warren, a gigantic young pitcher of Louisville, has signed with the Colts for the coming season. He is only nineteen years old and is said to be a wonder. The Lawmakers had a bid in for the big fellow and his services were sought by a South Atlantic League Club.

The Cincinnati Times-Star says:

"There is one man in Cincinnati who knew James Thorpe, the famous Indian all around athlete played professional baseball. He is Ed McKernan, manager of the Battle Creek team, who played on the same team with Thorpe in the Eastern Carolina League, now defunct. McKernan covered second base for Fayetteville while Thorpe was a member of the pitching staff in 1910. 'I remember Thorpe, because he was the best of the several Indian ball players who played on various teams in the Eastern Carolina League last season,' said McKernan. 'Thorpe then was noted for his great speed in running the bases. He was a fairly good pitcher, and his one weakness was batting. I'm very sorry President August Herrmann of the Cincinnati

Luke McLuke Says

"They are wearing vests, fellows. Honest. The vests are made of velvet and moire silk and are worn over the waist. This is good news, as the vests have four pockets and they won't have to exhibit knots in their stockings when they want to carry a little change.

I would hate to be a school teacher and have plenty of time and no money. A woman can't hit a fence when she throws anything, but when she tries to shoot her husband she can't miss his heart.

A heavy union suit isn't very thick, but a whole lot of hobbles have been let out at the waist band since the cold wave hit town.

One of the outdoor sports that I haven't any use for is to see a wolf chasing a chicken.

The smallest thing in the world is a man who will have his fling and then whine that the woman tempted him.

The uncorseted effect is now the real thing. And the girls who have 'em are as busy making 'em disappear as the girls who haven't 'em are in trying to fake up a life-like substitute.

An echo is the only thing in the world that can beat a woman out of the last word.

We live so fast nowadays that sometimes a bride is figuring on her second husband while she is combing the rice out of her hair.

The day they are married He looks so big that she wonders why they met in the streets. And after they have been married five years he looks so little that she wonders why they do not plug up the holes on the lids over the corner sewers.

Things are pretty soft for the young fellows nowadays. They can be introduced to a girl at a ball and after dancing a one-step they know as much about her as if they had been courting her for two years.

A woman is a person who just knows that something awful is going to happen and then gets mad because it doesn't happen.

It is surprising where all the poor people comes from. Every man in the world brags about his rich relatives.

We all know that girls are too modern to go to see problem plays. But when a real naughty one is in town a man can hardly get his hat under an orchestra seat because of the wads of chewing gum sticking there.

When you get a look at some of the things that are called husbands you can't blame a lot of girls for remaining old maids.

It is surprising how much comfort a girl can get out of a set of swell lingerie that she knows nobody can see.

One of the hardships of being a short man is that you often meet a tall girl who is wearing a low Dutch collar on her waist.

This is a funny world. Men are getting divorces every day because their wives spend too much money on clothes. And a girl like Mary Garden can't find a husband.

Ever notice that no matter how high her hobble may be she always hoists it when she crosses a muddy street. And when I say 'she' I mean the ones who have props like gas pipes.—Cincinnati Enquirer.

Reds failed to sign him as he would not only prove a big attraction but he also gives promise of becoming a sensational ball player.

We desire to thank our many friends who so kindly assisted us in extinguishing the fire at our home Wednesday morning.

MRS. M. J. CALDWELL AND FAMILY

Rev. R. C. Goldsmith, of Georgetown, has accepted the call as pastor of the Baptist church at this place for half his time and will conduct services here every second and fourth Sunday in the month.

The Glee Club of Transylvania University will give a concert Monday evening at the opera house under the auspices of the Ladies Aid Society of the Christian church. Secure your tickets early as the house will be crowded.

Amity Lodge No. 40 F. and A. M. met Tuesday night and arranged for a Masonic sermon Sunday evening, February 23. It will be preached by Rev. B. C. Horton, of Mt. Sterling. Mr. Horton was formerly pastor of the Methodist church here.

About 9:30 o'clock Wednesday morning a small blaze was discovered on the roof of the residence of Mrs. M. J. Caldwell, but was soon controlled by the bucket brigade, rendering the use of the fire engine unnecessary. The damage was slight. The fire is supposed to have originated from a spark lodging between the shingles near the chimney. The property was insured in the Phoenix Mutual with Dr. W. M. Miller's agency. The damage was at once repaired.

There was but little business transacted at the regular meeting of the City Council Wednesday night. All members were present. A few small accounts were allowed. Mr. Frank Vimont was granted a lease of one of the city lots. The light committee recommended after a counsel with expert electricians, the adding of eighty more lights to the present dynamo. The board of supervisors who have just completed their work were present and submitted the following report: Total assessable property belonging to white people for year 1912, \$380,511; colored property, \$30,000; total, \$410,511. Increase made by Board of Equalization over the assessors' account was \$111,686, of which \$8,926 were cash and notes.

RELIGIOUS.

—Rev. E. M. Lightfoot will be in his pulpit Sunday morning and evening at the usual hours. The subject at the morning service will be "The Servant in the House," and at night "The Bible and the Public School."

—St. Peter's Episcopal church, Rev. George H. Harris, rector. During Lenten season services will be as follows: Sunday; Sunday school at 8:30 a. m. Wednesday; service and address at 8:15 a. m. Friday; litany and address at 4 p. m. The general subject of the rector's Sunday sermons will be "Old Truths Explained." On Wednesday nights the Epistle of St. James will be read and explained, chapter by chapter. For Friday afternoons the general subject of the addresses will be "Some Lessons of Church History and Worship."

Bishop Burton will be present next Sunday and preach the sermon. A cordial invitation to attend these services is extended the public.

Injured in Runaway Accident.

As a result of a runaway accident which occurred Wednesday afternoon Mr. George Rassenfoss suffered severe injuries and is confined to his home on High street.

The accident occurred shortly after five o'clock Wednesday afternoon when Mr. Rassenfoss was returning from his farm on the Georgetown pike. As he was driving out of the gate leading into the place onto the pike a bolt in the shaft broke letting this part of the vehicle fall upon the foot of the horse, which became frightened and ran away.

Mr. Rassenfoss attempted to stop the frightened animal but without result, and when the wagon in which he was riding was dashed against a telephone post he was thrown to the ground. He suffered a dislocated shoulder, a wrenched hip and his back was injured.

There was no one in the vicinity of where the accident occurred and it was some time before help reached him. He was brought to his home in this city where a physician was summoned to attend his injuries.

Fine Gelding Sold

James S. Gay, of Woodford county, purchased from John T. Collins and Son, of North Middletown, the five-year-old gelding, Seneca, by Teddy Roosevelt. The purchase was made for T. D. Hardy, of Augusta, Ga., and while the price was not made public was said to be very good.

Four and Seven in the Pie; Then Some.

Blackbirds in the neighborhood of Mr. Jesse Turney on the Maysville pike, a few miles from this city are so numerous that, according to the statement of Mr. Jack Turney, they almost break the branches upon the trees, and it is estimated that fully three thousand of the feathered tribe roost in each of the trees. The birds became so noisy the other night that the slumbers of the members of the family were disturbed and an effort was made to abate the nuisance. The young Mr. Turney, according to his story, with another member of the family went into the yard with an automatic shotgun and fired into one of the trees. No noise from the birds disturbed them again that night. The next morning on going into the yard sixty-seven of the birds were found beneath the tree, while on adjoining farms a large number were found, and two are reported to have been picked up in the vicinity of Millersburg. Some blackbirds!

Blanche Ring at Lexington.

Stamped with the approval of New York, Chicago, and the larger cities of the country, "The Wall Street Girl" is again Blanche Ring's starring vehicle this season, and this popular comedienne will be seen in this great city of her successes at the Lexington Opera House Monday, February 10. When it comes to singing songs, there is only one Blanche Ring. In "The Wall Street Girl" there are fully a dozen tuneful numbers and half of them fall to Miss Ring; among them being "Deedle Dum De," "I Want a Regular Man," "I Should Have Been Born a Boy," and "Whistle It." Miss Ring has surrounded herself with a chorus of stunning girls, who assist materially in making the songs worth while.

Margaret Mayo and Edgar Selwyn are the co-authors of "The Wall Street Girl," while Hapgood Burt is responsible for the lyrics. The music is by the late Karl Hoschna and various others. The piece is in three acts and irrespective of the music and songs would make an interesting play. James Greene, a Wall street broker, disappointed in not having a son, brings up his daughter, Jemima, in a mannish fashion. Her interest centers in a business career until she meets Dexter Barton from Nevada. Then she throws her masculine training to the winds and adopts all the fluff and flounces so dear to the hearts of most women.

Barton has a gold mining proposition to sell and when this is turned down by Greene, Jemima takes a hand and buys a half interest. How the gold mine saves Greene from financial failure and how Jemima falls in love with her mining partner are cleverly worked out by the co-authors.

Featured with Miss Ring is Will Rogers, whose larriat throwing and quaint humor touched New York and Chicago's funny bone. Among the other principals are William P. Carleton, Paul Porter, Charles Winniger, Elmer Thomason, George Gaston, Kate Wingfield, Lillian Spencer and Alice Sullivan.
